### Meeting Democratic Executive Committee.

At a meeting of the Democratic Executive Committee of Lowndes county Miss., held on this day, it was ordered that a primary election be held on the 29th day of July, 1891, to decide the choice of the democrats of Lownder county, for the county officers, and one senator and three representatives to the Legislature, with the following resolu-

tion order: Be it resolved, That it is the sense of the Committee that the qualifications prescribed by the Constitution of this State adopted in 1890, for voters at legal elections, should be extended and applied to democratic voters at the coming democratic primary election in the county on July 29th, 1891, and that the judges of said primary elec-tion are respectfully requested to enforce the resolution. County Conven tion to ratify election on August 1st

A Lady Tells of an Almost High ntous Reovery .- Rend.

To the editor of the Journal. I wish to tell the people of Athota semething through your columns. I ham, Ala., who has been afflicted with what many physicians termed "inter-nal tumor." One physician said it was "enlargement of the liver." She came to Atlanta for treatment by a specialist after failing to be benefitted in Birmingham, A two months' treatment gave her only temporary rellef. She returned again to the same tresiment last year, and grew worse until she been me bed-ridden. When she had despaired of ever finding reehe had despaired of ever inding re-lief she at my suggestion began the use of King's Royal Germetuer. Shr began to improve at once. In one week she was sleeping soundly, when she had not had a night's undisturben rest in two years, She began to gd about at once and continue to steadilo improve. In six weeks she was so fay relieved as to be able to return home, celing well, with no swelling or evidence of tumor or enlarged liver. I had a letter from her the day before

yesterday and she is evidently well

My confidence in Germetuer was caused by its curing me of Catarrh. My sister, Mrs. W. A. Dobey, of Birmingham, Ala., will verify the above statement, and my neighbors here in Atlanta will certify to as much as came under their observation. I cheerfully give my testimony, hoping that the afflicted ones may be induced to try a remedy which has proven a signal blessing to myself and my sister.

The Germ Destroyer.

In the field of discovery and invention, medicine has not kept pace with surgery. That, perhaps, is natural; services surgery is the mechanical branch of medicine.
